RE: Portfolio for Dick Allen Induction into the National Baseball Hall of Fame  
Submitted by Golda Meir High School Sports Analytics Club, Milwaukee, Wisconsin

Dear Mr. Rawitch,

On behalf of the Golda Meir High School Sports Analytics Club and all of our partners and contributors listed below, we invite you to review the attached Performance Portfolio for Dick Allen. Mr. Allen remains an astounding figure in Major League Baseball, having one of the all time greatest rookie seasons in MLB History in 1964. We submit this portfolio for your consideration in the National Baseball Hall of Fame.

The work here has been driven by student inquiry, research, and analysis guided by the leadership and contributions from those listed below. The Golda Meir High School Sports Analytics Club in Milwaukee, Wisconsin designed and formulated this research project that offered students the ability to see themselves involved in the world of sports without stepping onto the court. It afforded them the opportunity to participate in a real-life project that models many of the hard and soft skills done every day by data scientists. We are proud of the work our students have done and are happy to present you with the product showcasing months of research and preparation.

Thank you for your time and consideration.

With Warmest Regards,

Michelle Morris-Carter, Principal  
Golda Meir School, Milwaukee, WI
